

Outgrower Incubator Project

Developing sustainable
smallholder farmers linked to a
high-value export market

Objectives

To deliver long-term sustainable change for over 1000 households by 2015 with significant improvements in their socio-economic situation by supporting them to become outgrowers to the africaJUICE Tibila Share Company.

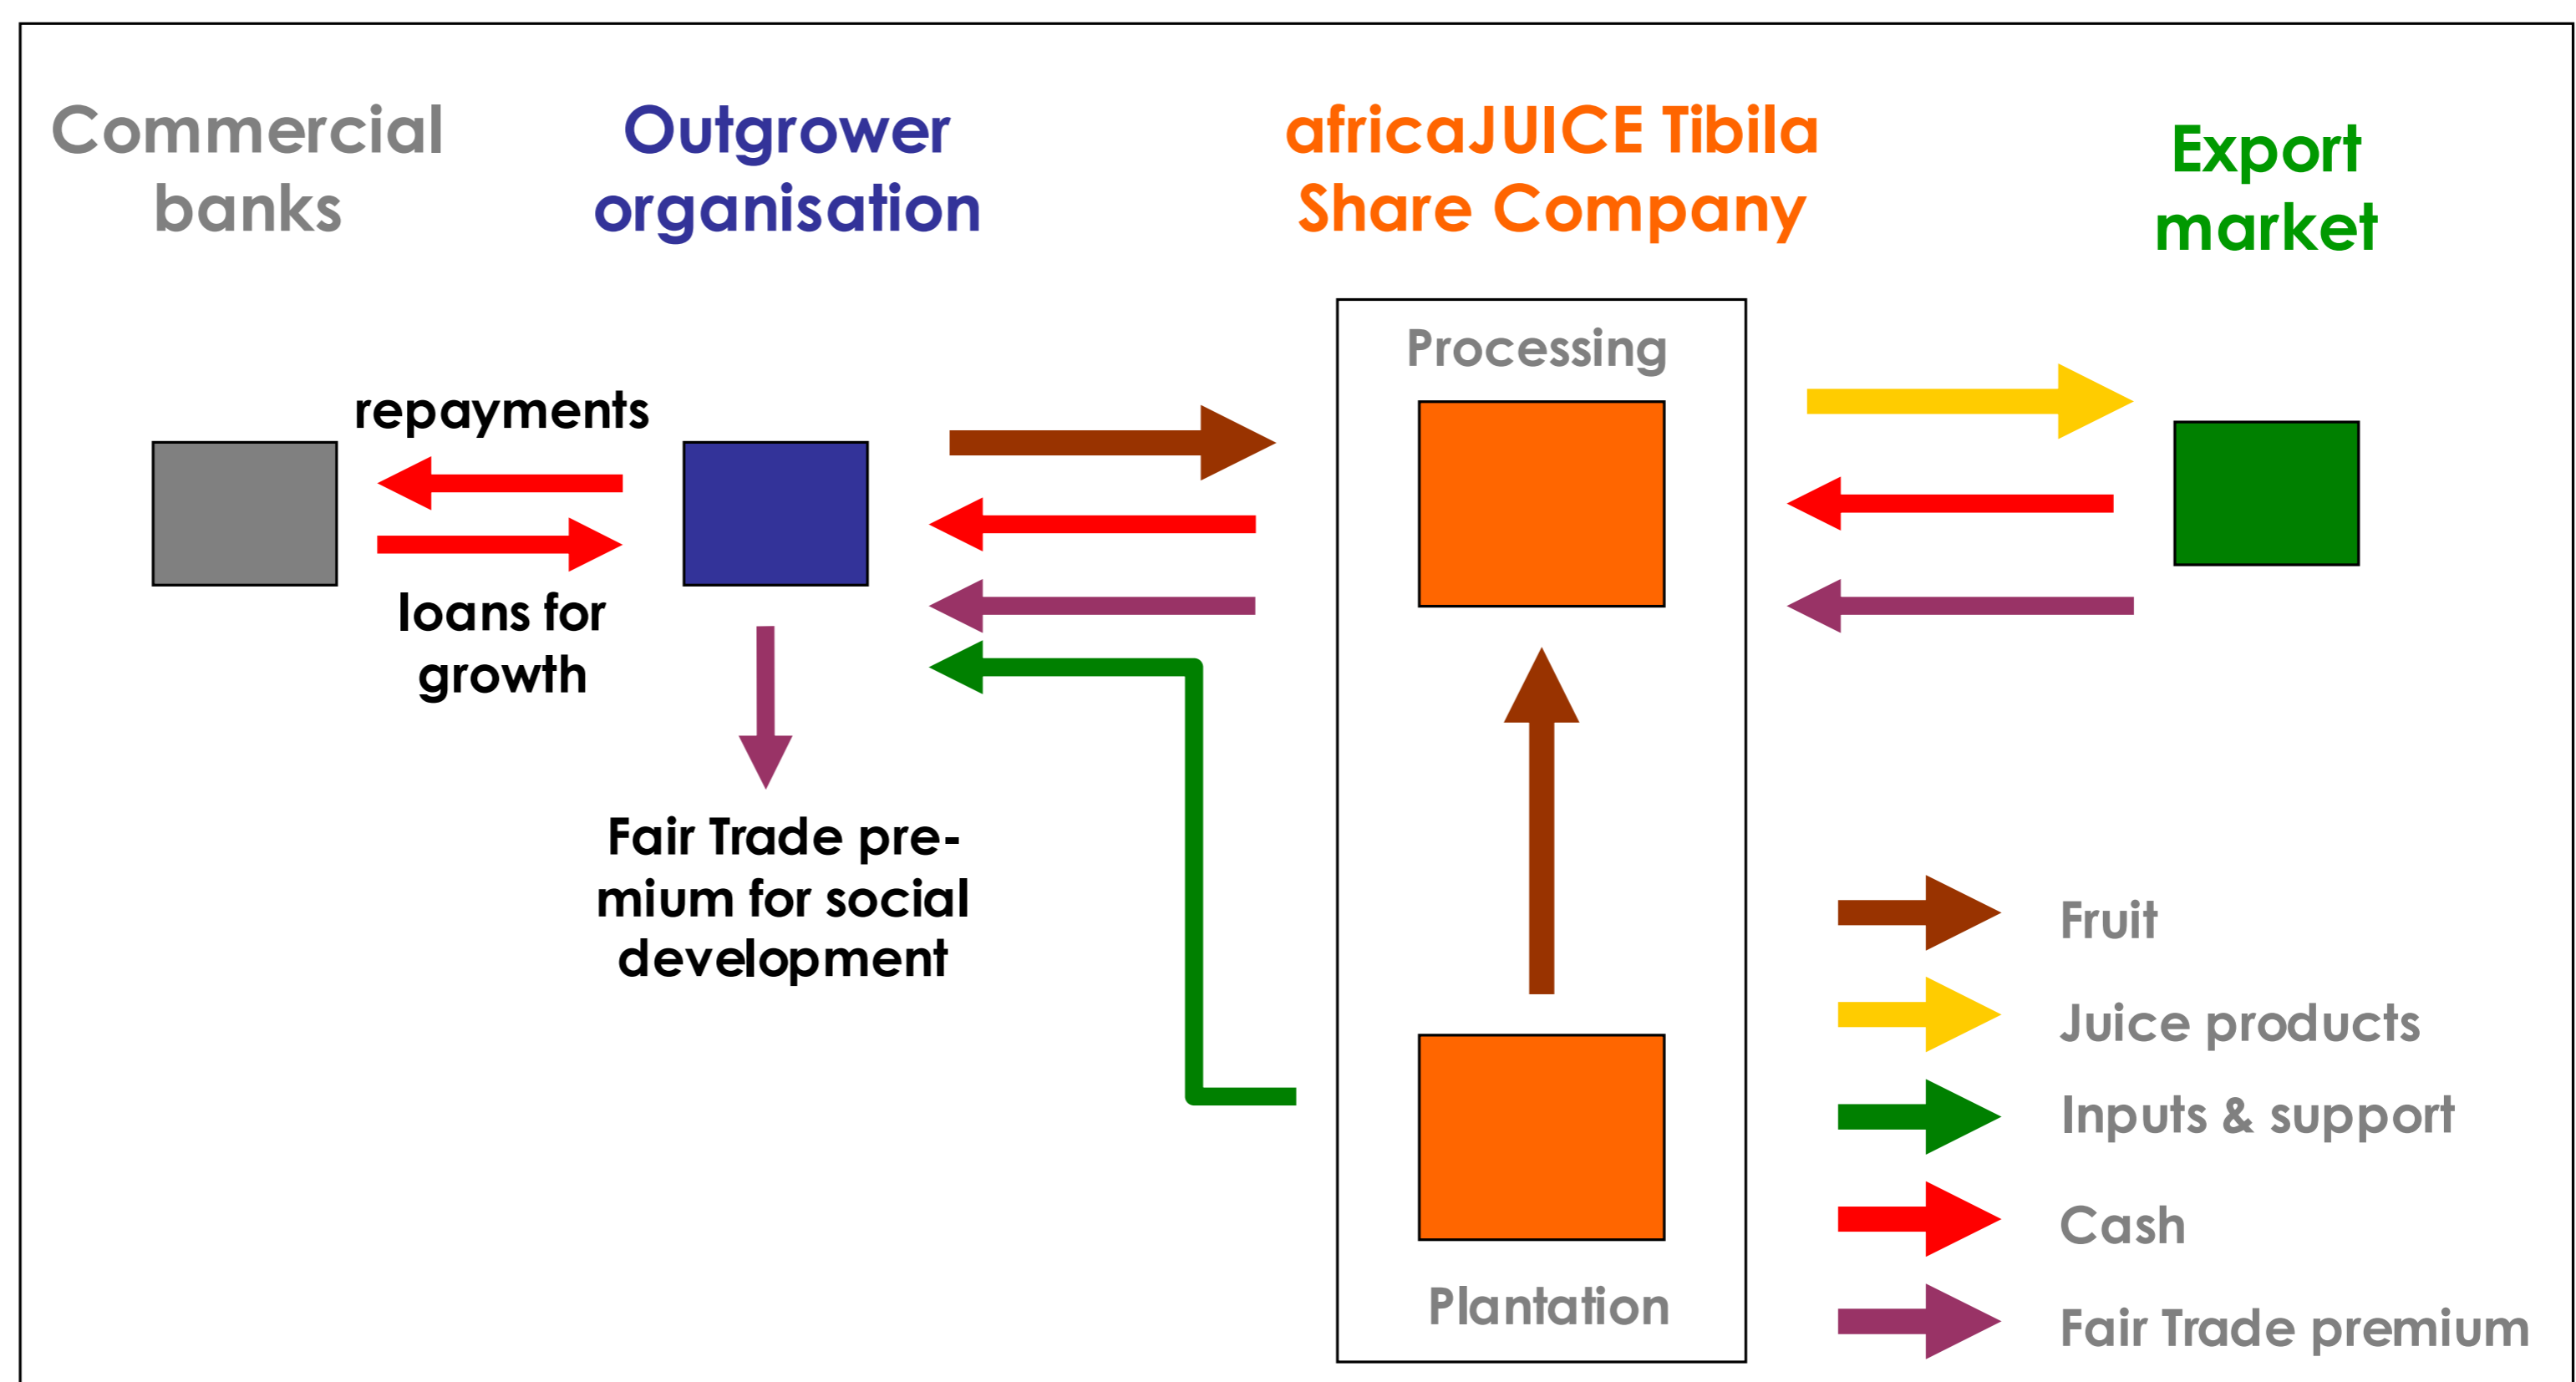

In three years the Outgrower Incubator Project aims to:

- support the creation of 700 hectares of outgrowers
- significantly increase the income and food security of the communities local to the Tibila Farm
- implement appropriate technology to minimise the pressure on critical resources such as water
- create a smallholder organisation that is a reliable business partner to the africaJUICE Tibila Share Company
- create a cooperative structure that is empowered through the **Community Equity Share Scheme** to access local loans

Implementing organisations

- africaJUICE Tibila Share Company
- FCE
- FFARM
- Fair Trade Labelling Organisation
- FINTRAC
- Embassy of The Netherlands
- Fair & Sustainable
- BoARD
- ECBP
- Oromia Agricultural Marketing Agency
